

WILLAND GARDEN CLUB

Willand Garden Club held nine meetings from March to December in 2024 at 7.00 in the Willand Village Hall on the second Wednesday of each month, which included a range of excellent speakers. We also had a visit to a local farm; a bring and share supper; two coffee mornings in April and September, and a plant sale in May. The number of members is gradually increasing.

In 2025 we have another range of excellent speakers, commencing on the 12th March with Julia Tremlett from the National Gardens Scheme; a garden visit in June; two coffee mornings; a plant sale and another shared supper in July.

'We are a friendly and welcoming group of keen gardeners who enjoy sharing their interest and knowledge in a lively social atmosphere.
