### Weed Spraying Specification

**Specification Ref: WS2025**

**Date XXXXXXXXX**

**CONTRACT TERM:**

3 years from 1<sup>st</sup> January 2026 – 31<sup>st</sup> December 2028.

**LOCATION:**

Willand Parish

**WORKS:**

To spray all weeds on the roads/streets/footpaths as listed in the schedule at Appendix A, using a safe label glyphosate weed killer. This is to spray, twice per calendar year at the most effective times, the areas of hard standing i.e. this means principally the pavements where they abut a wall or fence and kerb edges together with centre islands and refuges, bus stop areas, paviour road features and footpaths. This also includes the motorway overbridge.

**NOTE:** The following **should not** be sprayed:

- Anything growing through a resident's fence and protruding into the public pavement or road; *{This is a potentially sensitive issue in that the weed killer will translocate down through the weed or grass and kill at the root and will therefore be visible from inside the resident's property.}*
- Any growth in residents' driveways;
- Spraying under hedges unless it is safe to do so (i.e. no damage to the hedge will occur);
- The edges of any grass abutting footpaths etc.;
- Within shrub beds.

**PRICE AND INVOICING:**

Price quoted should be net of VAT and inclusive of labour and hire charges. If the contractor charges VAT this must be clearly indicated, and a VAT number provided.

The quote must specify the cost for each year of the contract and the total cost over the three-year contract period.

Invoices to be submitted monthly at the end of the month in which the weed spraying has taken place and the invoice must show date(s) of the weed spraying and a schedule confirming all areas that have been sprayed.

Invoices received by the 5<sup>th</sup> of the month will be paid by the Parish Council within 30 days of receipt, by bank transfer.

**INSURANCE:**

The contractor must provide evidence of Public Liability Insurance.

**HEALTH & SAFETY:**

The contractor will be responsible for carrying out their own risk assessments and all Health and Safety provision.

**TERMINATION:**

The Contract runs for three years as stated in the Contract Term, however once a contract has been agreed, either party may terminate the Agreement without cause at any time, upon at least 2 calendar months' written notice.
